

BT On-Air 2000 Executive Additional Handset & Charger

Main Features

- **50 Name and number memory**
Allows you to store and dial 50 names and numbers at the touch of a few buttons.
- **20 Last number redial**
The 20 most recently dialled numbers are stored and can be accessed again at the touch of a button.
- **6 Handset and base ringer melody options**
Different melodies for internal/external calls.
- **Caller Display* list**
When used with a Caller Display service, you can see call information via the LCD.
- **Date/clock/alarm**
Built in date/clock/alarm feature.
- **Easy to use menu structure**
- **Expandability**
Up to 5 extra handsets (extensions) can be registered to a single base station (6 in total per base station), without the need for additional wiring.
- **Handset speech volume control**
Amplifies incoming or outgoing speech so that you can choose the setting that best suits your needs
- **Handsfree**
Allows you to hold a conversation without lifting the handset.
- **Keyguard**
Prevents accidental dialling when activated.
- **Low battery warning**
Bleeps when the batteries are low.
- **Paging facility**
- **Preparatory dialling**
When dialling a number it appears in the display, allowing you to check that it is correct. The number can then be dialled by pressing a single button.
- **Removable fascias Silver, Grey and Blue Grey**
- **Secrecy**
Allows you to speak to someone else in the room without your caller hearing the conversation.
- **SMS text messaging with sub-addressing**
You can send and receive SMS* text messages. Depending on their length up to 30 text messages can be stored. Text messages and sub messages are notified by LED.

* A separate quarterly fee is payable
